Low-altitude Economy Regulatory Sandbox $\mathcal{X}$ ("Sandbox $\mathcal{X}$")

List of Unmanned Aircraft System Traffic Management ("UTM") System Demonstrations Pilot Projects to be Implemented

After review by the Working Group on Developing Low-altitude Economy ("WG"), a total of 15 UTM system demonstrations pilot projects will be included for demonstrations in Sandbox $\mathcal{X}$. The demonstrations are contingent upon the applicants' acceptance of the approved conditions, which include, but are not limited to, compliance with the Guidelines for UTM System Demonstration, demonstration arrangements and timeline that may differ from those outlined in the submitted applications.

The Project Facilitation Task Force under the WG will liaise with the applicants and coordinate among various technical departments for the demonstration of the UTM system demonstrations pilot projects. Based on the feasibility and readiness of the projects, demonstrations will take place in batches.

	Applicant *(In alphabetical order)*	**Details**
1.	Zhuhai ARCGine Technologies Co., Ltd.	Collaborating with ITG – Fundación Instituto Tecnológico de Galicia
2.	Beidou Fuxi Information Technology Co., Ltd.	-
3.	China Mobile Hong Kong Co.Ltd.	Collaborating with (i) Sichuan Shuanglong Airport Construction Co. Ltd; (ii) Fame Faith Limited; and (iii) The Hong Kong Polytechnic University
4.	China Telecom Global Limited	Collaborating with Hong Kong Telecommunications (HKT) Limited

	Applicant *(In alphabetical order)*	**Details**
5.	China Unicom (Hong Kong) Innovation Research Institute Limited	Collaborating with (i) HKT Limited; (ii) Esri China (Hong Kong) Limited; (iii) AeroTech Innovations Limited; and (iv) Zhuhai ARCGine Technologies Co., Ltd.
6.	Chinney Alliance Engineering Limited	Collaborating with (i) Nanjing LES Information Technology Co., Ltd; (ii) Nanjing NRIET Industrial Co., Ltd.; and (iii) Qingdao LEICE Transient Technology Co., Ltd.
7.	Hangzhou Low-altitude Industry Development Co., Ltd.	Collaborating with (i) Low-Altitude Economy Research Center of The Hong Kong University of Science and Technology; (ii) UniTTEC Co., Ltd.; (iii) China Mobile Limited; (iv) China Telecom Corporation Limited; and (v) China United Network Communications Group Co., Ltd.
8.	Logistics and Supply Chain MultiTech R&D Centre Limited	Collaborating with (i) Sunray Science and Technology Company Limited; and (ii) Guangdong CEPREI Nesway Technology Co. Ltd.

	Applicant *(In alphabetical order)*	**Details**
9.	Lower Air-space Economy Research Institute (LASER) at International Digital Economy Academy (IDEA)	Collaborating with (i) PCCW Global Limited; and (ii) OWOWWW Creative (Hong Kong) Company Limited
10.	SUTPC Digital Technology (Hong Kong) Limited	Collaborating with (i) HKT Limited; (ii) China Unicom (Hong Kong) Innovation Research Institute Limited; (iii) Hong Kong Observatory; and (iv) Shenzhen National Climate Observatory
11.	Thales Solution & Services Hong Kong Limited	-
12.	The Second Research Institute of Civil Aviation Co. Ltd	-
13.	The University of Hong Kong and Harmony Tech Innovation Limited	-
14.	Transcendence Company Limited	Collaborating with Geovis Technology Co., Ltd.
15.	Wisesoft Co., Ltd.	-
