 Urgent  Return Receipt

Dear Sir

I would like to express my opposition to the privatisation of the Hong Kong Intl Airport. My concern is the Government may not be able to control the landing / parking costs of plane which will subsequently lead to the increase of charges to be levied on user, in this case, the travellers. Since it's a public asset, I don't think it's sensible to pass it onto a profit seeking private entity.

Take for instance, privatisation has caused serious problems when we look at the recent privatisation of HK Eastern Cross Harbour Tunnel and Links.

Please do not do it in a rush. Unless it's under the SAR Government's control, I hope you will give it a thorough thought.

Thank you.
