Subject: Against partial privatisation of HK Airport  
 Urgent  Return Receipt

Dear Sirs,

(1) I write to raise my personal objection to the proposed partial privatisation of the Hong Kong Airport at the near future.

(2) Disneyland will commence operation in a few months, more and more people are permitted to travel from Mainland China to Hong Kong and only the sky is the limited.

(3) China's accession to WTO and hosting of the Olympic Game in 2008 would definitely cause the Hong Kong's Chak Lap Kok Airport to achieve a much more profitable business profile by 2009.
